YEAR IV - #41

MONTHLY NEWSLETTER FOR CEMIG EMPLOYEES

Employees celebrate years on the job

This year, approximately 1728 employees were honored for completing 10, 15, 20, 25, 30 and 35 years of service to the company.

The atmosphere at the ceremony, always full of happiness, smiles and words of thanks, set the tone of the events held by the Company's Management Offices and Superintendences both in the capital and around the state.

Employees and their families participated in the ceremony honoring years of service with the mood and spirit of a *Grand Fête* since all the years of service dedicated to Cemig saw good memories, important friendships, families formed and children grown.

There is also the feeling that all those years spent at the Company represent a very important contribution towards recognition of Cemig in Brazil and around the world. The event recognizes the value of the work and effort that went into each one of those years at Cemig.
